“ Anna , Monie and I were so close . We partied together and had many many Memories. Lots of secrets too. At least 40 years ago we had a secret meeting up in our room addition when it was not completed yet. We got Tippy and giggled and joked about stuff. Then I had the idea ! "let's be blood sisters. we have to stick our fingers and exchange our blood . Finally after a lot of come on 's you can stick your fingers really you can . We did it . On that day we became blood sisters. So we were so much more then just friends . We had a bond. Until a few years ago this special meeting was kept a secret . Anna will always be my blood sister. God Bless You Anna
