“ We knew Jonathan as the best neighbor and friend that anyone could ever have. We are Betsy and Vince Dulcich and Jonathan was Vince's brother, Don's, neighbor in Palm Springs for three years. Don had medical conditions that caused him to be dependent on others for transportation, shopping, housekeeping, home maintenance, organization of medications and many other needs. Jonathan did it all, and always with a smile.

We know that Jonathan's willingness to offer help allowed Don to continue living at home and to avoid being confined to a care facility. Additionally, we believe that Jonathan's involvement in Don's life actually prolonged Don's life. Sadly, Don succumbed to Covid-19 in December, 2020.

We will forever remember Jonathan as a good friend and one of the most remarkable and giving persons that we have ever known.

“ We met in NYC February 1985 where we lived in the same building River Hill Towers on Hudson River. I was an expat from Copenhagen working for a Danish Bank. It was love from the first meeting at the pool and we were like brother and sister. We were young and partied and travelled together. You and George moved to California and I was relocated and came along in 1988 and we had wonderful times in Laguna. Even though I moved back to Copenhagen in 1990 we had close contact and when i had my children Sebastian and Mathilde you visited us in Copenhagen. When you transferred to Belgium for DHL we spent time together visiting each other. You have been an uncle for my children and you have been a very special part of their lives. We always had fun visiting you and you have always taken so good care of us especially after my divorce. We have always been there for each other and supporting each other in good and bad times. When I visited you after the accident we made a promise that we would never be alone when we got old. We would be together. The years after the accident have been very hard and I believe you are at a better place now reunited with your true love George. We will remember you for all the good times we had together and you will always have a special place in our hearts. RIP my love. Keep dancing

“ We spent a lot of time together in DHL GCS/CSI and EXP in Brussels. We didn't work together much professionally nor did we mingle privately but we had our coffeek chats - in particular towards the end of your time in Belgium. I remember you as a friendly, kind, considerate person. I enjoyed our talks. You are a person I regret not getting to know better.
